European Commission Adopts Draft Amendment to POPs Regulation on Dechlorane Plus

On May 15, 2025, the European Commission adopted a draft amendment to the POPs Regulation, proposing the inclusion of Dechlorane Plus in Annex I of the POPs Regulation. The next step will be the publication of the amended regulation in the Official Journal of the European Union, which will formally update the restriction provisions under the POPs Regulation. The main contents of the adopted draft amendment are as follows:

In Part A of Annex I to Regulation (EU) 2019/1021, the following entry is added:

Substance	CAS No	EC No	Specific exemption on intermediate use or other specification
Dechlorane plus 'Dechlorane plus' includes its syn-isomer and anti-isomer	13560-89-9 135821-03-3 135821-74-8	236-948-9	<p>1. For the purposes of this entry, Article 4(1), point (b), shall apply to concentrations of dechlorane plus equal to or below 1 mg/kg (0,0001 % by weight) where they are present in substances, mixtures or articles.</p> <p>2. By way of derogation, the placing on the market and use of dechlorane plus shall be allowed for the following purposes:</p> <p>(a) aerospace, space and defence applications, until 26 February 2030;</p> <p>(b) medical imaging applications, until 26 February 2030;</p> <p>(c) radiotherapy devices and installations, until 26 February 2030;</p> <p>(d) spare parts for any of the following:</p> <ul style="list-style-type: none"> (i) land based motor vehicles; (ii) marine, garden and forestry machines; (iv) aerospace, space and defence applications; (v) medical imaging applications; (vi) radiotherapy devices and installations. <p>where dechlorane plus was initially used in their production, until</p>

			<p>the end of their service life or until 31 December 2043, whichever comes earlier.</p> <p>(e) The Commission shall assess the need for a prolongation of the specific exemptions in points (a), (b), (c) and (d) at the latest by 1 April 2028.</p> <p>(f) Articles containing Dechlorane Plus already in use in the Union before or on the date of expiry of the relevant exemption laid down in paragraph 2(a) to (d) may continue to be used.</p> <p>(g) Placing on the market and use of spare parts containing Dechlorane Plus referred to in point (d)(iv) and already produced in the Union or imported before or on 31 December 2043 shall be allowed.</p>
